Know No Fear: The Science of Daredevil

5/25/2017 6:00:00 PM

1 Hour Science North 131C

Daredevil features a blind crime-fighting lawyer with extraordinary senses. We discuss the science of sensation and emerging accessibility technologies.

Teachers will discover resources for teaching physiology, current topics in the science of the senses and discussion points for student engagement in popular culture.

Viola Sanderlin, Graduate Affiliate. Swette Center for Environmental Biotechnology, Arizona State University
