

Mrs. Frederick and Me. The Science of Warehouse 13

5/25/2017 10:30:00 AM

1 Hour          Science          North 132A

In the world of Warehouse 13, historical artifacts become imbued with supernatural powers. Our experts discuss the theories and technologies explored in the show.

Teachers will participate in a science-based discussion as a demonstration to engage students in the classroom through pop culture.

Karen Knierman, NSF Astronomy & Astrophysics Postdoctoral Fellow, Arizona State University

Lydia Meador, Graduate Research Assistant at Arizona State University

Sierra Ferguson, Grad Service Assistant, School Of Earth and Space Exploration, Arizona State University
