

WAAAGH! The science of Warhammer 40k

5/25/2017 3:00:00 PM

1 Hour          Science          North 132BC

In the grim darkness of the far future there is only... science! Experts discuss everything WH40K and how likely this pessimistic vision of the future might be.

Teachers will discover resources for teaching science speculation in video games, current topics in enhanced human senses and discussion points for student engagement in popular culture.
